

Dear Friends and Supporters,

On behalf of The Kiefer Foundation Board of Directors, we invite you to join us for our **10th Annual Swing for Safe Driving “Ball Golf” Outing**, presented by **Cambridge Mobile Telematics**, on **Monday, May 24, 2027, at Oakland Hills Country Club**.

This milestone represents far more than ten years of golf. It reflects a community that has stood beside the Kiefer family, honored Mitchel’s memory, and helped turn heartbreak into purpose. Whether you have supported this outing from the beginning or are joining us for the first time, we are grateful to have you be part of its next chapter.

Your generosity fuels our work across three pillars: Awareness, Policy, and Technology. Together, we are educating drivers, advocating for stronger protections on our roads, and supporting solutions that help prevent distracted driving. Our Just Drive simulator brings this mission to life, giving participants an immersive opportunity to understand the dangers of distraction and make safer choices behind the wheel.

As we return to one of the country’s most celebrated clubs, we look forward to a memorable day of golf, connection, and purpose. Above all, this outing is an opportunity to carry Mitchel’s legacy forward and renew our commitment to a future free from distracted driving and the deaths and injuries it causes.

We invite you to explore this year’s offerings and consider how you would like to participate. Your support helps make this event a meaningful fundraiser and advances the work that continues long after the final putt.

We value the relationships that have brought us to this milestone. If you have questions about registration, sponsorship, or finding an opportunity that fits your goals, please reach out to us at info@mkiefer.org. We would welcome the chance to connect with you.

Thank you for helping build this tradition and for believing in the mission behind it. We look forward to celebrating our tenth annual outing with you—and continuing the work of saving lives, together.

With deepest gratitude,

The Kiefer Foundation Board of Directors
